CRICKET CLASH — DOC 4 OF 10

SOCIAL, TOURNAMENTS, PLAYERS, PROGRESSION & EVERYTHING ELSE

The Complete Multiplayer, Collection, and Addiction Layer

Repo: https://github.com/pyushmatania/handcricketgame-8ec46dab **Doc Scope:** This document covers EVERYTHING not in Docs 1-3: the complete player database (200+ real IPL/international players), all tournament formats (Friends IPL, World Cup, Knockout, Auction League, Cricket Royale), Cricket Wars (clan wars with stadium attack/defense), clan system, progression mechanics (chests, upgrades, XP, arenas), addiction loops (daily quests, battle pass, achievements, streaks), the Hand Cricket Trophy, shop, leaderboard, and all Supabase database schemas.

> **NOTE:** This is the largest document in the set. It consolidates content from V2 (player database), V4 (friends tournament + trophy), V5 (Cricket Wars + Royale + Auction), and adds new details. Treat this as the definitive reference for everything social/multiplayer/progression.

Auction League	4-10	Player auction → round robin	Medium
Cricket Royale	6-10	Battle royale, shrinking overs, elimination each round	Medium

2.2 TOURNAMENT CREATION FLOW

Step 1: Create Screen

- Tournament name (custom text input)
- Format selection (6 cards, each with icon + description + player range)
- Match format (T3/T5/T10/T20)
- Team selection rule: IPL teams only / Any mix / Fantasy draft
- Playoff format: Top 2 final / Top 3 / Top 4 IPL-style

Step 2: Invite Friends

- Unique 6-character join code (e.g., `BRO-42K`)
- Share via WhatsApp, copy link, QR code
- Lobby screen shows joined players with their selected team logos
- Real-time updates via Supabase Realtime

Step 3: Team Selection

- Each friend picks an IPL team (first come, first served — no duplicates)
- Builds their Playing XI from that team's real 2025 squad
- Constraints: Max 4 overseas, min 1 WK, min 4 bowlers, min 4 batsmen

Step 4: Fixture Generation

- Auto-generated round-robin schedule
- Each match is a mini VS card in the fixture list (split-colored, team logos)
- Matches played sequentially (next match unlocks when current one finishes)

Step 5: Live Points Table

```
 #  | TEAM              | P  | W | L | PTS |  NRR
 1  | CSK (Akash) ★     |  4 | 3 | 1 |  6  | +1.250
 2  | MI (Gaurav)       |  4 | 3 | 1 |  6  | +0.875
 3  | RCB (Rahul)       |  3 | 2 | 1 |  4  | +0.432
 4  | KKR (Sneha)       |  3 | 2 | 1 |  4  | +0.105
 ── PLAYOFF CUTOFF ──────────────────────────────
 5  | RR (Vikram)       |  3 | 1 | 2 |  2  | -0.320
```

- Player names shown with team names (personal!)
- NRR calculated: `(runs scored/overs faced) - (runs conceded/overs bowled)`
- Orange Cap / Purple Cap trackers for top scorer and top wicket-taker
- Live updates to all participants when any match finishes

Step 6: Playoffs → Final → Trophy Ceremony

Playoff bracket visualization. Final has enhanced atmosphere (more crowd, fireworks on every boundary). Trophy ceremony plays the Hand Cricket Trophy animation (see Chapter 7).

Step 7: Tournament History & Share

- Full archive saved in all participants' profiles
- Shareable winner card (WhatsApp/Instagram-optimized image)
- Hall of Fame tracks stats across multiple seasons with same group

2.3 AUCTION LEAGUE — DETAILED MECHANICS

Before the tournament starts, friends participate in a live player auction:

- Each friend gets 1000 virtual coins budget
- Players go on the block one at a time (Mythic first → Common last)
- Base prices: Mythic=100, Legendary=75, Epic=50, Rare=25, Common=10
- 15-second bidding timer per player
- Bid increments: +10, +25, +50, or custom
- When timer expires: GAVEL SLAMS — "SOLD to [player name] for [amount]!"
- Must buy minimum 11 players (full XI), max 15
- Unsold players return in round 2 at reduced prices

Auctioneer Character: A special NPC — portly, formal blazer, bow tie, cricket ball cufflinks, gavel, reading glasses.

2.4 CRICKET ROYALE — BATTLE ROYALE MODE

- 6-10 players, simultaneous elimination tournament
- Each round: ALL players play a match (random pairing)
- Lowest scorer(s) eliminated each round

- **SHRINKING OVERS:** Round 1=T10, Round 2=T8, Round 3=T5, Semi=T3, Final=Super Over
- **STORM EVENTS:**
  - Lightning Storm: One random over, all runs doubled
  - Earthquake: Variable bounce, technique -15%
  - Power Surge: Boundaries closer, more 4s/6s
  - Perfect Storm (Final): All effects combined
- Eliminated players become spectators (can watch + react)
- Arena setting: Gladiator colosseum meets cricket ground

CHAPTER 3: CRICKET WARS (CLAN WARS)

3.1 CONCEPT: "ATTACK THEIR STADIUM, DEFEND YOURS"

Your STADIUM is your base. You set up defensive bowling, pitch conditions, field placements, and hidden traps. When enemies attack, they bat against YOUR defenses.

3.2 WAR FLOW

Preparation Day (12 hours)

Each war member sets up their Stadium Defense:

A) Choose Pitch Type:

- Green Top (Pace +25%, Spin -10%)
- Dustbowl (Spin +25%, Pace -10%)
- Flat Deck (Balanced)
- Minefield (All +10%, variable bounce)

B) Set Bowling Lineup (5 bowlers assigned to specific overs)

C) Set Field Placements (3 presets for powerplay/middle/death):

- Aggressive (4 slips): Wicket +15%, boundary +10%
- Balanced: Standard
- Defensive Ring: Wicket -10%, boundary -20%
- Spin Web: Close catchers for spin
- Trap Field: One gap left deliberately — 50% catch chance from hidden fielder

D) Set Stadium Traps (3 one-time-use traps, hidden from attackers):

- Yorker Bomb: Guaranteed dot + 40% wicket at a chosen ball
- Spin Mine: If batsman picks 4-6, it becomes a wicket instead
- Crowd Pressure: -15% technique for one full over

- DRS Trap: First LBW appeal goes the defense's way
- Short Ball Barrage: One over all bouncers, picking 4-6 is risky

E) Par Score Calculated:

```
Par = 80 + pitch_bonus + (sum of top 5 bowler ACC / 10) + (3 × traps) + field_bonus
```

Star Thresholds:

- ⭐: Score ≥ 50% of Par
- ⭐⭐: Score ≥ 80% of Par
- ⭐⭐⭐: Score ≥ 100% of Par

Battle Day (24 hours)

- Each member gets 2 attacks
- Attack = bat against an enemy's stadium defense
- Only best attack per enemy stadium counts
- Total stars determine the winner
- If tied: higher total run percentage wins
